

Curriculum Information Evening Vocational Education and Training (VET)

Senior Secondary Qualifications

Both VCE and VCAL certificates
can include VET subjects

Why choose a VET subject?

- To study a subject you enjoy
- To add to your ATAR or VCE qualification (most VET courses carry full VCE unit status)
- Lead to an additional qualification at the end of your VCE/VCAL journey
- Provide a direct pathway to a TAFE course
- Provide credits towards TAFE and University courses.
- Develop industry specific skills.

How VET is Structured

- Usual entry is at Year 11
- Some students commence their VET program in Year 10 as a Higher Study and will account for 2 elective units
- Students work through modules with outcomes being assessed for competency
- Assessment is based on students being able to perform tasks and demonstrate particular skills linked to a specific industry

Application Process

- Complete Mater Christi subject selection
- Complete VET online application form
- Contact will be made with students who have nominated to do an external course after MCC subject selection has been completed in order to meet any specific VET application processes for external courses.

Course Expectations

- Additional costs are incurred with VET subjects, studied off campus
- No additional fees are charged for VET courses at Mater Christi
- External VET courses will require students to travel to a different venue to complete the course
- Many courses have extended hours
- Require students to utilise their organisational skills
