Testimonials

Jules is without doubt one of the most engaging, energetic and BRAVE Trainers that I have ever had the pleasure of working with. Jules is so brave and so fearless as a trainer in being prepared to share experiences from her own life that she simply had the group totally spellbound one particular day. You can literally hear a pin drop in that training room because Jules had the room so engaged in her training.

She re-energised us all with her engaging personality, enthusiasm and her passion for the material that she is delivering.

Adam J. Turley - Trainer for Geelong, East Geelong, Torquay and Corio Matchworks sites.

Just wanted to quickly say the presentation I attended yesterday was one of the best I have been too. I got so much out of it and Jules was fantastic and I really clicked with her. Thought I would just let you know J.

Craig Pyle Migration Review Tribunal - Refugee Review Tribunal.

I have been inundated with positive feed back about Jules's session.

Geelong City Council

Jules was excellent & kept the entire group engaged the whole time. I really thought this should be passed on so this can be recognized.

Myself and Patrick Cowley were discussing the class the whole way home & both felt we learnt more in one class than we thought possible & really took something away with us. Please thank Jules for her training & time. We both look forward with further training with Jules in the near future.

Patrick Cowley Employer Services Consultant - DES.

Comments: an amazing lecture given by Jules, a mixture of humour, and realistic of the society we live in. Gave me knowledge which will be helpful in the workplace

Anxiety is something we all experience and is in fact a natural survival response. But anxiety can start to impact our children in an unhealthy way, negatively affecting their journey into life. School pressure, family pressure, social pressure and toxic thoughts, can all see anxiety spiral out of control.

By recognising the signs and symptoms of anxiety, we can provide sound support in assisting our children to build on their resilience and internal coping mechanisms.

In two hours, Jules Haddock, Mental Health First Aid Instructor and, REACH facilitator, will share her support strategies with you when dealing with anxious children.

Session outline:

- Understand anxiety as a natural response to life events
- When to worry about anxiety
- Learning how to recognise anxiety signs and symptoms, as it takes hold upon a child's thoughts, emotions and in turn behaviour.
- Learning how to support a child to manage their anxiety
